

Sev-Rend EXTRUDED NETTING

EXTRUDED NETTING

High elasticity and open mesh pattern make our netting the preferred choice for fruit and produce packaging. The breathability of the mesh extends freshness by reducing moisture damage common with other packaging materials. Suitable for hand packing or for automated clipping machines. FDA compliant for use in food packaging.

Netting Spec	Available Colors	Width	Tube Diameter	Max Bag Capacity	Roll Footage	Qty/Pallet
EX-140-520-850		460mm	160mm	3kg / 6.6lbs	4,878m / 16,000'	87,800m / 288,000'
